Linscheid Library
Holds on Student Accounts Policy

The Library places holds on student accounts when the student has been billed for one or more items.

These holds are not absolute holds, which means students can still enroll and drop classes with a library hold on their account. Students cannot get transcripts with a library hold on their account and no hold will be temporarily removed so a student can get a transcript. The items must be returned or paid for before a hold is removed.

Only a Public Services full-time staff member can remove a library hold.
