A. **Learning Objectives**
   A. Analyze current research in planning care for clients experiencing domestic violence (DV), intimate partner violence (IPV), or child abuse (CA).
   B. Translate knowledge on DV, IPV, or CA into nursing care, health promotion, and disease prevention.
   C. Synthesize current research to communicate evidence-based practice strategies for client’s experience abuse issues.
   D. Serve as a role model of high standards of professional conduct through involvement in professional and community engagement.
   E. Create a professional poster presentation using evidence-based sources.
   F. Reflect on meaningful experiences in health promotion and prevention strategies while participating in community awareness of DV, IPV, and/or CA.

B. **Follow these Guidelines to complete your project:**
   1. Meet with Course/Clinical Coordinator before beginning this project to discuss:
      - Planning the Community Participation Event.
      - Planning your group’s presentation topic for your professional poster.
      - Including THREE evidence-based sources required for this project.
      - Citing your THREE evidence-based sources in CORRECT APA format.

   2. **PART 1: For the Community:** Each group member must participate in a community event for Domestic Violence, Intimate Partner Violence and/or Child Abuse. Obtain approved form Course Coordinator prior to event. **SEE Guidelines in GRADING RUBRIC BELOW.**

   3. **PART II: For the Profession of Nursing:** Create a poster with your group using THREE EVIDENCE-BASED SOURCES FROM A PEER REVIEWED JOURNAL OR STATE OR NATIONAL REPORT to teach your peers and other professionals about a topic related to domestic violence, intimate partner violence, or child abuse. **SEE Guidelines and GRADING RUBRIC BELOW.**

   4. **PART III: Your reflection:** The purpose of the Reflective Journal is to incorporate meaningful reflection on the objectives of this project through community involvement and professional service. **SEE Guidelines in GRADING RUBRIC BELOW.**

   5. Each student will submit their own Reflective Journal (SEE REFLECTIVE JOURNAL attached) AND include a “Reference List” cited in CORRECT APA format along with their journal. All students in clinical group may submit the same Reference List, but each must submit their own personal journal and a copy of the references in CORRECT APA format. Ask the nursing librarian, Casey Lowry if you need help with this requirement.

   6. Submit the GRADING RUBRIC on BB: DV PROJECT WITH SELF-EVALUATION showing your groups communication and collaboration to complete this group project. DATE TBA
### C. GRADING RUBRIC and SELF-EVALUATION:
#### A. ***Use this Grading Rubric & Self-Evaluation form to plan, implement, and document your group’s work on this Project.
#### B. Bring this form when you meet with the Course/Clinical Coordinator to discuss your plan. **ALL MEMBERS OF YOUR GROUP MUST BE PRESENT**.
#### C. SUBMIT this Grading Rubric & SELF-EVALUATION at the completion of your project on BB for Grading of your project - **will be DUE in November, date TBA**

| 1. **Meet with Course Coordinator/Clinical Coordinator** | Meet with Course/Clinical Coordinator before the presentation to discuss:  
- Planning the Community Participation Event  
- Planning your groups presentation topic using a professional poster  
- Including your THREE evidence-based sources required for this project.  
- Citing THREE evidence-based sources in CORRECT APA format for your Poster and Reflective Journal. | Date completed |
| 2. **Community Participation** | PART I: For the Community: Each group member must participate in a community event for Domestic Violence, Intimate Partner Violence and/or Child Abuse. Obtain approved from Course/Clinical Coordinator prior to participation. |
| 3. **Professional Poster** | PART II: For the Profession of Nursing:  
Create a poster using a minimum of THREE EVIDENCE-BASED sources FROM A PEER REVIEWED JOURNAL OR STATE OR NATIONAL REPORT to teach peers AND other professionals about domestic violence, intimate partner violence, or child abuse.  
Your group MUST CHOOSE THREE Evidence-Based Sources to add to the research on your topic. **ALL sources MUST be PROFESSIONAL JOURNAL ARTICLES** from a PEER REVIEWED JOURNAL OR A STATE/NATIONAL REPORT.  
*To find these sources USE THE PMH LIBGUIDE on BB from ECU Library***  
**ALL THREE SOURCES are REQUIRED, and ALL SOURCES MUST BE CITED in correct APA format on your poster/project, and on your Reference list submitted with your individual reflective journal. DO NOT PLAGIARIZE!**  
The purpose of your group’s poster is to teach other professionals about your topic.  
Use the ECU Library services to assist you in creating the poster. Casey Lowry, the ECU School of Nursing Librarian will assist students if they have questions on researching for articles, citing in APA format, etc. See LibGuide for contact information for Casey Lowry.  
Each group’s poster will be displayed in the ECU School of Nursing. Consider that this information will be for: Nurses, medical or psychiatric setting, college or university, School of Nursing, ONA. Groups will also share/present their project in NRSG 4214 PMH during class. Date TBA  
DO NOT PUT STUDENT NAMES ON POSTER, instead, identify: ECU |
**DOMESTIC VIOLENCE (DV) PROJECT GUIDELINES:**
Community Participation, Poster, and Reflective Journal Guidelines

| **Planning the Community Participation event and the poster** | Make sure ALL students in your group participate in the planning, research, and development of the poster, as well as participate in the community event. If a student cannot attend the community event that the group has decided to attend, have student contact the Course Coordinator to arrange to attend another event. List what each student is doing for this project. List members of the Group and assigned work on this project:

1.  
2.  
3.  
4.  
5.  
6.  
7. |

| **#3. Reflective Journal** | **PART III: Your reflection:** The purpose of the Reflective Journal is to incorporate meaningful reflection on the objectives of this project through community involvement and professional service.  

***Respond to all Journal Questions listed in this assignment.  
Each student will submit their own Reflective Journal AND include a “Reference List” cited in CORRECT APA format along with their journal. All students in clinical group may submit the same Reference List, but each must submit their own personal journal and a copy of the references in CORRECT APA format. Ask the nursing librarian, Casey Lowry if you need help with this requirement.  

**DUE BY MONDAY FOLLOWING YOUR GROUPS PRESENTATION OF PROJECT IN CLASS** |
D. INDIVIDUAL REFLECTIVE JOURNAL GUIDELINES DV PROJECT

Name: ___________________________________
DATE__________________________________
Clinical Group: ________________________________________________________________
Topic for Domestic Violence poster: _____________________________________________

The purpose of the Reflective Journal is to incorporate meaningful reflection and consideration of the objectives of this project through community involvement, and professional service.

Each student will submit their own Reflective Journal (SEE REFLECTIVE JOURNAL attached) AND include a “Reference List” cited in CORRECT APA format along with their journal. All students in clinical group may submit the same Reference List, but each must submit their own personal journal and a copy of the references in CORRECT APA format.

Respond to ALL Journal Questions below:
1. Community Involvement:
   a. Describe the Community event you participated in.
   b. Reflect on how you modeled a high level of professional conduct as a future nurse at this community event.
   c. What were your thoughts and feelings prior to attending the event, and how did this experience change or add to your perception of the problem of domestic violence for community members?
   d. What was the most important aspect of this experience for you?
   e. What would you want to see done in the community in order to effect positive change on the issue of domestic violence?

2. Professional Project/Poster:
   a. Describe the professional poster your clinical group created.
   b. Describe how using professional evidence-based sources on domestic violence helped you to identify important aspects of evidence-based practice.
   c. Describe your thoughts and feelings on creating this project.
   d. Describe what/where you would like to see your poster used now, and how this project can help the profession of nursing?

3. Describe how participating in this community event and poster project on domestic violence has impacted you this semester as a future nurse.

4. Include a “Reference List” cited in CORRECT APA format along with your journal. All students may submit the same Reference List, but each must submit a copy of the list in CORRECT APA format with their journal.
